## PRESIDENT'S MESSAGE

We witnessed the first joint Interact installation last Saturday. Despite the start of their school holidays, it was very encouraging to see so many of them with their teacher advisors. Our Rotaractors were

around to lend a hand. After the installation ceremony, the Interactors and teachers advisors sat to brainstorm about their plans and projects for their clubs. It concluded with singing and dancing presentation. There were good interaction and warm fellowship and many echoed that we should do the same next year.

It has been a busy week preparing for the visit of members of our match club, Rotary club of Lu Chou. I would like to appeal to all club members to actively support the programs we have planned for their visit. Let us warmly welcome our visitors at the airport this Saturday 26 August and shower them with our Sabah hospitality.

We will also be launching the Water Gravity Feed project at Kg Lapan this Sunday morning. I urge all members to join and support this joint project with our match club and their friendship club.

A lot of hard work and preparation have gone into our silver jubilee celebrations. It will be a trip down memory lane for most of the club members. Let us sit back, enjoy and celebrate the fruit of our labour.

Fourth : Have I given some time to someone near and far?
