

The WCS Project at Kg. Lapasan Ulu, Tamparulli, was launched on Sunday, 24 August jointly by RC Likas Bay, and RC Lu Chou, with Rotarians and spouses from both club led by President Soon Lan, President ABI, and DG Kega, attending the function. RC Kao Shiung Harbour City also contributed to the project.

2008/08 August is Membership and Extension Month 27 Aug. 2008

PRESIDENT'S MESSAGE

They called it the morning after, as I woke up to numerous 'sms' of congratulations from guests and members alike on the success of our Silver Jubilee celebration. This is the collective efforts of club members, our Rotaractors as well as Interactors who have helped to make it an enjoyable event and a memorable one. We almost have full

attendance of our club members too.

In his speech, our DG Edward pointed out; it is rare to have two District Governors present at the same Rotary function. It is indeed a privilege for our club to have DG Edward as well as DG Kega who honoured us with their presence.

While as VP two years back, I met my classmate, President Abi in Taipei. He promised me then that he will bring "many" members from RC Lu Chou, and he has kept his promise with a contingent of 24 consisting of members, spouses and Rotary children. Soon it will be time for us to do our return visit and I hope our members will do me the honour of joining me to celebrate with them next February.

The Water Gravity Feed project at Kg Lapasan Ulu was launched on Sunday, 24.8.08. Our thanks and appreciation goes to our match club RC Lu Chou and their friendship club, RC Koashiung Harbor City for their support and contribution.

It is time to carry out what we have planned, so I hope the respective committees will speed ahead, as the saying goes- 'knowing is not enough, we must apply, willing is not enough, we must do'. So let us do it and make dreams real for the children in our local communities.
