## Monkey Story

A hat-seller who was passing by a forest decided to take a nap under one of the trees, so he left his whole basket of hats by the side. A few hours later, he woke up and realized that all his hats were gone.

He looked up and to his surprise, the tree was full of monkeys and they had taken all his hats. He sat down and thought of how he can get the hats down. While thinking he started to scratch his head. The next moment, the monkeys were doing the same.

Next, he took down his own hat, the monkeys did exactly the same. An idea came to him, he took his hat and threw it on the floor and the monkeys did that too. So he finally managed to get all his hats back.

Fifty years later, his grandson, also became a hat-seller and had heard this monkey story from his grandfather. One day, just like his grandfather, he passed by the same forest. It was very hot, and he took a nap under the same tree and left the hats on the floor.

He woke up and realized that all his hats were taken by the monkeys on the tree. He remembered his grandfather's words, started scratching his head and the monkeys followed. He took down his hat and fanned himself and again the monkeys followed. Now, very convinced of his grandfather's idea, he threw his hat on the floor but to his surprise the monkeys still held on to all the hats. Then one monkey climbed down the tree, grabbed the hat on the floor, gave him a slap and said.....

Guess what?

## Make Dreams Real

2008/15

October is Vocational Service Month

22 Oct. 2008

## PRESIDENT'S MESSAGE

'To be or not to be' -- that is the question. It is the time of year that all rotary clubs will be shaping up their "cabinet". So the same in our club, the art of persuasion comes into play. Each one of us has a part to play in the club we have chosen to join.

Why has the sparkle and passion been dampened? It is the time to stand up and said yes to the Rotary motto of service above self.

Decision making is a part of our life. From the moment we open our eyes until bedtime, small and big decisions plague us daily. Minor decisions on what to eat, wear, etc to major decision on choosing our career. Our vocational guidance seminar which would be held next Saturday in Kudat for secondary school students will indeed help them to decide on what they want to do with their lives and whether their ambition and dreams would be achieved. Come and give your support.

The GSE team from Denmark will be here next week and I urge all members to lend a hand as we play host at next Wednesday meeting which is also a spouses cum fellowship night. I still could remember the last GSE team from Ohio who was with us only in April this year.

### A GUIDE TO DAILY LIVING

Before doing the things we want to do, consider first, the precept of the guide. Ask yourself these 4 questions and act upon them:

First : Have I spent some time to self examination?

Second : Have I spent quality time with my family?

Third : Have I given my best to my work?

Fourth : Have I given some time to someone near and far?
