THE WEEKLY BULLETIN OF THE ROTARY CLUB OF LIKAS BAY

The Future of Rotary is in Your hands

2009/15

PRESIDENT'S MESSAGE

As October is Vocational Service month, it shall be a good time to review this, if you have not already done so. What makes Rotary unique is its classification principle... which is based on one's vocation.

Rotary's community service efforts should flow from one's vocation - doing good for the community at large as well as our Family of Rotary (i.e. supporting our Interactors, Rotaractors and Rotarians).

If we travel back in time, that was how Rotary first began - Rotarians helping fellow Rotarians.

Founder Paul Harris felt that if a person from each business and profession could come together to help one other, in a non-competitive atmosphere, their business and income would improve. The concept of combining business and friendship saw the creation of a Rotary Club.

As we evolved, Rotarians found that they benefitted more when service was added. This resulted in the first community service project - the installation of public restrooms in downtown Chicago. The act solidified Rotary's early motto, "He profits most who serves best".

Rotary's mission is about making this world a better place. We do this by providing service to others, promoting high ethical standards, and advancing world understanding, goodwill, and peace through our fellowship of business, professional, and community leaders.

To qualify for this year's Presidential Citation, we need to fulfil three of the six categories reflected in RI Strategic Plan 2007-10. Of these, two categories are specifically related to vocational service.

Happy Anniversary ...

A GUIDE TO DAILY LIVING

Before doing the things we want to do, consider first, the precept of the guide. Ask yourself these 4 questions and act upon them:

- First : Have I spent some time to self examination?
- Second : Have I spent quality time with my family?
- Third : Have I given my best to my work?
- Fourth : Have I given some time to someone near and far?
